

Assign 0: Planning Schedule

Instructions:

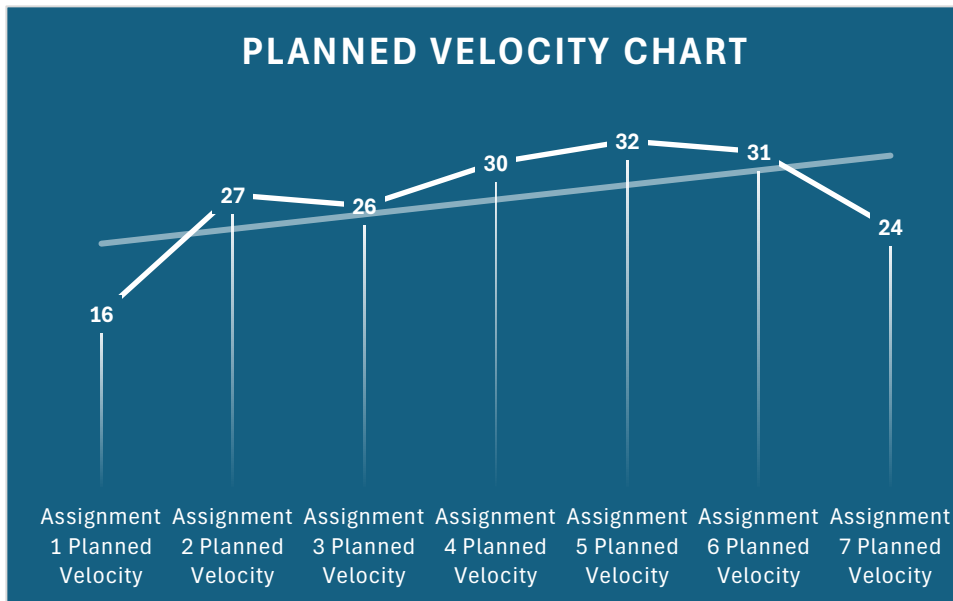

- 1 Read over each of the assignments in the Backlog (found in iLearn course)
- 2 Examine the Story Point chart to the right. Mouse over and Read the comment in the Story Point column's title (below).
- 3 Assign story points to each of the assignments, based on the complexity of the task.
- 4 Verify that the Planned Velocity Chart has a even variance and trend.

Day		Planned Assignment	Story Points
	1	6_S1_Scheduled Silver Meeting with Caree	1
	1	2_B2_Create Professional Online Profiles	5

Assignment 7 Planned Velocity			24

Story Points Chart

	Complexity	Complexity Description
1	1 Point	Very simple, minimal effort, well understood
2	2 Points	Simple task, few moving parts
3	3 Points	Moderate complexity; some research or testing needed
5	5 Points	Complex; multiple steps or edge cases
8	8 Points	Very complex; uncertainty, multiple components
13	13 Points	Extremely complex or poorly understood
21	21+ Points	Too large – break this down

CS Example Task
Change a button's color in a web app
Add a new field to a database and update UI
Implement login with form validation
Integrate third-party API (e.g., payment gateway)
Build a basic real-time chat feature
Refactor large legacy module or migrate backend
“Build entire website” — needs decomposition

Class Example
- Upload a photo for portfolio
- Schedule a meeting with Career Services
- Create Networking List
- Write 5-sentence Elevator Pitch
- Complete LinkedIn or Handshake profile
- Read and reflect on “Design Your Life: Chap 1–2”
- Write a resume or cover letter template
- Conduct Informational Interview 1–2
- Resume in Green Zone on VMOCK
- Conduct 4–5 Informational Interviews
- Projects section for Portfolio
- Prepare for and perform Job Interviews
- Create full Odyssey Plans (Design Your Life: Chap 5)
- Apply to 3 jobs with custom materials
- "Complete All Silver Certification Requirements" (too broad; break into subtasks)
